

Dear Mr. Kari Walden,

The news that you were kind enough to convey to me that you will be completing quite shortly your Cultural Center are gratifying. The location of the Center, in the heart of culturally booming quarters and the scale of your ideas for the project as I experienced them during our meetings are such that can really turn the WALDEN HOUSE to a space for cultural activities of international dimensions.

Expressing once more my appreciation for what you do with such creative passion, I wish you the best of success in your noble endeavours.

Sincerely yours,
