

A NOTE ALONE DOES NOT MAKE MUSIC.

It might seem unbelievable ~~but I've seen it with my own two eyes,~~ *and yet it is true*  
~~or rather, I heard it with my own two ears.~~ Two musical notes escaped from  
 a serenade. Serenade is a *beautiful* musical theme. As you know every musical theme,  
 has numbers of notes. It's like a story which has many letters and many words.

The musical notes are seven "Do - Re - Mi - fa Sol - La - Si."  
 Well, from these notes "Mi" and "Fa" escaped from a serenade. The record which  
 Mrs Anna, Michael's mother had put on the stereo to play, had a tiny crack. But  
 it was big enough for our two friends to slip through and escape.

"Oh, how lovely it is to be free" Said "Mi" I was so bored to be jailed  
 inside that black record.

"Correct", said "Fa" "Especially when that record lies folded inside its  
 sleeve for months and nobody plays it on the stereo. But you must agree that  
 when they put it on the stereo and it starts playing then it is so beautiful with  
 all of us dancing around the room! Isn't that so?"

"Mi" wasn't listening. It was stunned with all the magic things around.

"Come on, let's go. Let's start exploring the world." It told "Fa"

"Where shall we go? We are just two little musical notes, we don't know  
 anyone maybe we shall be lost."

"You are young and silly" said "Mi". The world is full of people we know.  
 The world is full of musical notes. Listen! I can hear a "Do" whirling somewhere  
 in this room.

"The shrieking "Do" was emitted from the mouth of Michael's baby brother  
 who had no name yet, because he was so young. The baby was hungry and it was  
 crying to be fed, so it shrieked. As a matter of fact his shrieking was a  
 continuous "do.....". "Mi" and "Fa" went near "Do".

"Hallo, Do, did you by any chance escape from a serenade" Asked "Fa",

"What serenade are you talking about? Can't you see that this little  
 baby has brought me to the end of my tether with his "Ouaaa... Ouaaa...?  
 And you, where are you coming from?"

"We are just out for a walk" said "Mi" hurriedly trying to indicate to "Fa"  
 not to talk about their secrets.

"Oh, I envy you so," said Do". The only thing I need, is to rest a little.  
 I wonder when this baby's mother is coming with his bottle of milk, so that I can  
 relax."

"Bye, bye, we are leaving." Said "Mi."

"Don't run, I can't catch up with you" said "Fa".

"Do you think that I am going to waste my vacation listening to that idiot and his problems? Let's go, I hear a joyful "La" coming from that way"

The joyful "La" was coming from the cage of the canary. The canary was singing happily and "La" was dancing around it.

"Oh, let us dance with it" said "Fa" and without waiting for an answer it started whirling beside "La"

The canary cleared its voice, wondering.

"I can't understand what's wrong with me today" Itsaid. "My voice, is somewhat coarse".

"Get out of here immediately" said "La". "Can't you see that you are ruining its melody?" Poor "Fa" said shamefacedly.

"I just wanted to be friends"

"Everyone to there place." said "La" and continued its dance. The canary relaxed. "It's OK now, my voice is clear." it said.

"Fa" ran hurriedly after "Mi" which had already gone through the window.

"Hey, don't run so fast, wait for me, I'm scared to be left on my own."

Outside, Michael's cat was miaouing "Miaououou... Miaououou..."

From her mouth the note "Re" was emitted and it was running around.

"Hallo, old friend", said "Fa"

"Oh dear" said "Re" and it ran away to hide itself.

"Don't you be scared" Said "Fa" . "We are just two musical notes. I am "Fa" and she is "Mi".

"You can't fool me. You are coming from Azor's barking. Azor is the neighbor's dof. He is a big brown dog and he has some teeth.... When he starts barking, Michael's cat scats."

"Don't be afraid. we are two musical notes, who escaped from a serenade."

"

And what is a serenade? Is it a female dog?"

"Ha, ha, ha. You have no idea, what is a serenade? Which note are you?"

"But "Re" of Michael's cat, has no idea about music. Talking to it wasn't so interesting.

"Mi, Fa, where are you, come back"  
"Don't do such tricks. All the notes of the serenade are waiting for you.  
Come on, back"

"The notes of our serenade are calling for us" said "Fa".

"Let them call." Said "Mi" "It's only this one time we have had the time  
to roam around a little."

Now the music sounded out of tune, with the two musical notes "Fa" and "Mi"  
missing.

"I don't like our serenade at all the way it sounds" Said "Fa"

"I'm going back." And it flicked back into the rackord. "Mi" which  
is the liveliest of all the notes and it always it strongheaded flitted around  
a little bit more, but in the end it was bored.

"Oh, bother" it thought "It may be true that the world is full of  
notes, but when we roam around on our own we cannot make music." So before it  
was evening it returned to its serenade.
