To the Vice-Chairman  
of the State Committee  
for Culture  
SOFIA

Dear c. Lertsef,

I wish to inform you that I am trying to push forward some of the ideas we exchanged during my recent stay in Bulgaria on the occasion of the Symposium of Translators.

1. I sent a letter to the "Sofia Press" (I enclose a copy) on the question of the Anthology of Bulgarian Poetry.

2. On the question of the Anthology of Cypriot militant poetry (of the last two years) I have already issued an appeal through the Cyprus-Bulgarian Society to our poets to supply me with their recent work. At this moment we are setting a committee that will make the choice of the best to be dispatched to Sofia.

My request is that you contact the director of the Publishing House "Otechestven Front" with whom I had talked over this concrete question of the Cypriot Anthology so that we get here a concrete confirmation of the readiness to realise this scheme.

I want to assure you once more of the fact that my ambition is to promote in the sphere of culture the friendship of our two peoples.

With the best regards,  
and hoping to see you  
some day in Cyprus,

Ελλι Πεονίδου
