Dear Sir,

The weekly newspaper "Narodna Cultura" acts as a tribune for the bulgarian artists and scientists. For all of them, as well as for the public will be interesting to resume the ideas and to evaluate the echo of the International Meeting of Writers from Europe, the U.S.A. and Canada. Through our paper the public got acquainted with notorious writers and participated, again through the paper to the discussions of the most important topic of the day - the problem of defending peace and humanism on Earth.

I kindly request you on behalf of the newspaper "Narodna Cultura", which aims at presenting to the bulgarian reader the most interesting features in bulgarian and world culture, to send us to be edited some of your last works consecrated to the great cause of peace and friendship among the nations. They could have been printed after the Meeting in Sofia.

I shall like to emphacise the first anniversary of the Meeting in Sofia during July. I hope for a favourable answer and expect your works any time that should be convenient to you.

Sincerely yours:

Sofia, June the 17th, 1978

(Cheorghî NAIDENOV,
Editor in chief)
