

Education Office,
Nicosia.

21 June 1934.

Dear Mr Xiontas -

Thank you ~~for~~ very much
for your letter of the 15th on
the subject of Secondary Schools.
I have read it with the
greatest interest.

I have not got a copy
either of the "Articles of the
League of Secondary Schoolmasters
of Cyprus" or of the various
decrees of the Greek Government
which you refer to. I should
be very interested if you
would send me a copy of
them.

If after that you are in

Nicosia at any time during
the summer, I should be
very glad to have an
opportunity to discuss your
suggestions.

Yours sincerely

Platten.
