Dear Mr. Peonides:

It was a pleasure, indeed, to meet with you and Mrs. Peonides at the Cyprus House last week.

Thank you for the information you forwarded to me. Your letters to RAND McNALLY and the publishers of WEBSTER'S FAMILY ENCYCLOPEDIA as well as your letters to the Greek press are quite impressive in terms of analysis of facts and their interpretation as well as in terms of style and the use of language, both Greek and English.

I plan to personally check on these items myself and of course write to the aforementioned publishers on behalf of the American Cyprus Congress. Of course I will keep you informed on these and related items.

My best regards to yourself and your wife.

Sincerely yours,

Andreas H. Vassiliou
President
