WORLD PEACE COUNCIL,

HELSINKI 12
AUGUST 16, 1968

Dear Friends -

I have just received your letter of August 7, forwarded to me from Vienna. We are in the process of shifting, and establishing the headquarters of the Council in Helsinki. Hence this letter in my rather bad handwriting. I have no body to help me here yet, and if I type myself, it takes too long to deal with all the correspondence etc. You will forgive me, I am sure.

A

The World Council of Peace fully shares the indignation of the entire people of Cyprus at the news that British "Vulcan" planes, capable of carrying nuclear bombs, are to be stationed in the British military bases in Cyprus. The presence of these "Vulcans" on the soil of Cyprus will constitute a grave threat to the people of Cyprus ~~and the future~~ - for with the "Vulcans" will come nuclear bombs, which spell nuclear devastation and destruction in the future, and all the perils of nuclear contamination in cases of accidents even today in peacetime, as has happened in more than one country in recent months.

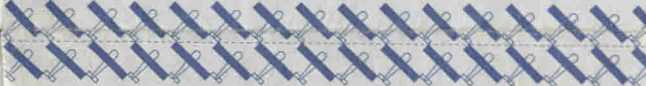

The people of Cyprus have the full support of all who stand for peace everywhere and, in particular, of the World Council of Peace and its over one hundred national peace movements in all the continents, in their struggle for the removal of all British military bases from

their soil. Cyprus belongs to the people of Cyprus: its land and waters must not be allowed to be used by imperialist powers for their aims of aggression and war in the Mediterranean and the Middle East.

President Makarios has rightly spoken of Cyprus being a bridge for peace. But NATO powers, ~~and~~ the US and British imperialists above all, seek to make Cyprus a bridgehead for their war plans. The people of Cyprus, who love peace and who cherish

I would be most happy if you could issue in my name, to the press and the public in Cyprus, in whatever form you like, the above statement, making any changes you find necessary. Please contact your Committee if you consider it useful that the IWP takes other measures - such as calling for a Day of Solidarity with the Cyprus People's demand for ending foreign bases. I shall be going to Cairo for the Afro Arab Conf. from September 7 to 12. I could stay for a day in my way back in Beirut, or back

My dear Paris-

Thanks for your letter and the
cutting.

I am afraid I am not able
to come to Vienna from Cairo, for a
number of reasons. I have to return
to Helsinki immediately. Please explain
to John Iskander & other friends my
inability to pass through Vienna, as
I had earlier suggested.

Let me know what you feel
the best can and should do re.
the Cyprus developments. Could
you send us an article for
Perspectives and other peer
reviews? Not too long - and
preferably with a couple of pictures -
of the base (?), of the "Volcano", of
the meetings or demonstrations
I am off to Moscow tomorrow
en route to Cairo.

Do keep in touch with me -
Affectionate regards to you
and the family
