Dear mitta Peomidou,

I have not received any news from you since the International Congress of AICL, at Lyon, when I last met you. You have however made a recorded-interview with me about poetry. I hope you remember that. You also told me about the possibility of publishing it in an American review. Three months ago, I got to know, by our common friend, Jean-Claude Villain, you have written your article. So, I would like to know if your article is yet published or no and, if so, the possibility of receiving it. It is very important to me, because I keep the best memory of our meeting

Yours sincerely

Jean Max Tixier
