Dear Patty,

We have not communicated for some time now. Elli will definitely be in New York on the 22nd. of March coming in from Oklahoma where she will attend the meeting of the Jury of the International Literary Prize Novistadt. She will stay in NY for a week and wants very much to meet you and the other friends, of course, of the Actors Studio. She wants to meet too the LaMiceles and talk about the details of their stay at the Vasa Cottage in June. We asked for such a meeting to be arranged with a FAX I sent to Grace Hewkins early December.

I must say, dear Patty, that I envy Elli for this return to Manhattan. My compensation will be a trip to Paris during that same period. And after that we both meet in London for the wedding of our son (you met him). Please answer by FAX.

Kisses,

Panos Pronides

P.S. We understand that New York is freezing these days. Will it help if we tell you that our kisses come from temperatures of 19-20C.?
