Dear Christos:

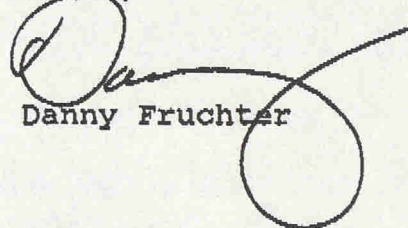

I have just returned from seven days in Cyprus which I found to be most interesting and useful. I shall be writing one or more articles for newspapers here in the Philadelphia area, and I will forward these to you upon completion.

Cyprus Airlines was most cooperative and organized with regard to my needs. I want to thank you very much for your personal cooperation and that of the staff of the CTO as well as Cyprus Airlines.

Would you please pass on to Costas Papageorgiou my personal regards and appreciation. Unfortunately, my time in Cyprus was short and I was not able to make a courtesy call to him, although it was high on my list. Work came first!

Until we next meet or talk on the telephone, I remain...

Yours,

Danny Fruchter
