Dear Elli & Panos,

I am are very happy to send you our brand new documentary „Mikis Theodorakis. Composer“ in the Greek version with English subtitles. Please let me know, how do you like it. ARTE will show the film in Germany in France on May 9th.

If you have any ideas, to which film festival in Cyprus etc. we should send it, please let me know.

I would also like to know, whether there is a TV station in Cyprus, which could be interested to show this film. Of course it is very special interest and a very artisticly movie, however, there could be something you have in mind.

Awaiting your response and with our best wishes,

Asteris & Ina
