Attention Nancy Jones.

Dear Nancy,

I have good news for you. You must have already received the offer of Coral Beach Hotel at Paphos for three nights. I think it adds to the general Cyprus offer, to the Aphrodite's Dreamy Vacation. fifteen days in the village and three days on the beach, not far from the birthplace of Aphrodite, it's not something that one can resist!

Please continue sending me your Press Releases. Who knows? I have already approached an industry specialising in Cyprus cheese and they will make a special offer to the guests that will come to Vasa! What do you think about it? In addition to the Paphos offer!

Sincerely,

Pen. Peonides
