Dear Maestro:  
Your "Hymn and Lament for Cyprus" was a big success. Alas, I could not use the orchestra because your score was not clear enough for a copyist to copy. Please make for me a set of parts and I gladly pay for it. Dr. Anastassios Simonidis (temporary consul of Cyprus) and Mrs Grace Bishop Meletios were at the concert and liked it very much. I had to make a "Arthur Fiedler" like program in order to please everyone. I am looking forward to a series of concerts throughout
