Dear Elli & Panos,

4/11/95

We are very happy that you will be coming to New York. It will be wonderful seeing & spending time with our dear, dear friends.

As you shall be arriving on the 20<sup>th</sup> of May, Nick & I would like to know what your schedule is so we can make plans for dinners, lunches etc. at your convenience. We also thought, if time allows it, that perhaps you would join us for a weekend at our home in the country. It is upstate, New York. We have many friends whom we feel you might enjoy meeting & we'd like to share you with them.

This winter went by so fast, I don't know where the time has gone. I spent some time in Florida and

Nick has been so busy flying between California, Paris & N.Y. Right now he is in Los Angeles. He will be back on Friday & return to L.A. again on Monday.

Our daughter is finished with school & come home in December. It is such a wonderful pleasure having her back in the nest. I've been really enjoying my time with her & she's kept me quite busy! It's so much fun.

We look forward to seeing you soon & picking up where we left off. With heartfelt warmth & kisses

Dearest Elli + Panos,

Our hearts are so full. You have given us so much, we are bursting with love, warmth + spiritual gratification ..... to say nothing of all the delicious foods.

You have made this the most wonderful experience of our lives. Your kindness + giving with such beautiful open hearts is something we could not have even dreamed about. We really love you!

Everyone has asked us what was the highlight of our trip - what + where we liked best. Our answer is always the Cypriots + Cyprus. They are the

most wonderful, beautiful, kindest people  
we have ever met. In fact, they  
made us feel inadequate as human  
beings & taught us wonderful lessons  
on humanity & giving of oneself. So  
pure of spirit & soul. I wish the  
world were like you & your people.  
It is really heaven.

All your friends were so lovely &  
interesting. We really enjoyed their  
company & know we have new friends  
for always.

Elli & Panos - you are now part  
of our family & hearts for life.

We look forward to seeing you & to  
introduce you to the rest of your new  
family - our children, Brothers & Sisters, neeces &  
nephews, my Dad & our friends -

We can't wait to share you with  
all those we love. We are so  
enriched.

Again, thank you, but that  
is so trite. God Bless you.

We look forward to seeing you  
soon.

Love  
Bonnie + Nicky

P.S. I spoke with Patty + she assured  
me that she will make sure the  
notes go out immediately. Let me know  
if there's a problem.

Kiss, Kiss
