Dear Elli,

It has been our good fortune to be invited to Sofia again for the 5th writers' meeting to be held 23-25 October and it is our dear wish that you have been invited also and that we will see you there. It's a long, long way for us to go for so short a time so we have asked for visas to stay for three weeks - at our own expense - so that we may be able

to see something of the country. And we would VERY much like to cross the border to visit Greece, which has been a lifelong ambition. After nine years we have got rid of a reactionary regime here in NZ and elected a progressive Labour government whose first act was to ban the visits of nuclear ships to our ports.

The US is already threatening trade sanctions.

Love from Kiri and Noel.

MAORI GIRLS, ROTORUA, New Zealand

With a background of steaming rock, these attractive Maori girls pose in traditional costume at one of the famous thermal areas of the region. They are holding "pois", round balls connected by a cord and used in a number of rhythmic dances for which the Maori is renowned.
