PROFESSOR DR. ING. MANFRED LEHMBRUCK

Dear Mr. and Mrs. Perinick,

We have enjoyed so much the trip to the beautiful village in the mountains and think often of it, and of the whole lovely time in Cyprus. Our hearts are always a little bit there!

Thank you very much for the bottle with the wonderful Cyprus Brandy you still brought us in the evening before our departure. Your friends did not yet come to fetch their bottle, they only wrote that they want to do it next time.

We have always much to do, but we are well. We hope you and your children are also healthy and we remember with much sympathy Melitta, who looks so nice in her red clothes on the pictures!

When do you come to Stuttgart?

The kindest regards
yours as ever

Soro thee
Manfred Lehmbrock

We shall drink the brandy in favour of you and Cyprus. We follow up the events in Cyprus with much engagement and are very sorry that the main problem doesn't advance. We wish you all luck with best regards

Manfred Lehmbrock
