Dear Eli,

After coming back from Sofia we went to our summer house which is at Ege. Our summer past by showing hospitality to our guests. Believe me that I haven't forgotten you, I am always calling you in mind. I will visit Cyprus next month but it is very sad that although we will be so near we won't be able to see each other. But I hope to meet you one day.

How are you? I read in newspapers that you are translating new poems, I congratulate you. I will start working after now. I hope to write more detailed in my next letter. I am waiting to get better. I had stone in my kidneys. It was very hard for me until it fell out.

I am looking for the otology which you have told me. I hope to collect

them very soon. I am ending my letter
here. Although I didn't have the chance to
meet your husband. I wish him and you
happy and healthy days. Hoping to meet you
soon. I kiss from your cheek

Your friend
Name

I have collected some books from the
Turkish part of Cyprus for your anthology. If
you let me know your friends address I can send
them immediately.
